## Investment Objective & Strategy

Odyssean Investment Trust PLC (“OIT”) is a closed-ended investment company that seeks to generate attractive total returns principally through capital growth over a medium term.

OIT’s investment strategy is to invest in a concentrated portfolio of well researched quoted UK smaller companies, typically too small for inclusion in the FTSE 250. These companies will be selected through a rigorous process, and all have potential to generate improved returns to their shareholders. OIT is actively managed.

Constructive corporate engagement is a key part of Odyssean’s approach, drawing on the investment team’s lengthy and successful track record in public and private equity investing.

(Compound Annual Growth Rate)

## Key Risk Considerations

**Capital at risk.** Past performance is not a reliable indicator of current or future performance, and investors may not get back the original amount invested. Investment in OIT may not be appropriate for investors who plan to withdraw their money within 5 years. Shares of OIT may trade at a discount or a premium to Net Asset Value (“NAV”) for variety of reasons. On a sale you could realise less than the NAV and less than you initially invested. OIT’s portfolio is focused towards small and mid-sized companies; these may involve a higher degree of risk than larger sized companies. The shares of smaller companies may be less liquid than those of larger companies.

## Experienced Fund Management Team

Stuart and Ed have more than 33 years' combined investment experience in smaller companies.

Stuart was previously lead manager of GVQIM's strategic investment funds which saw him drive the turnaround in performance and discount of Strategic Equity Capital plc, a UK listed investment trust.

Ed was a principal in the European TMT investment team at HgCapital where he was responsible for sourcing, evaluating and managing investments in the TMT sector in UK, Europe & USA

## Discount Control

Shareholders will be given an exit opportunity at NAV less costs, every seventh year following admission.

The Directors have adopted a discount management policy to establish and support an improved rating in the Company's shares through the use of buybacks. Buyback authority will be sought on an annual basis. In addition, 50% of the profit from takeovers is to be used to buy back shares if the average discount exceeds 5% for over 60 days.

## How to Invest

The Company's shares are traded openly on the London Stock Exchange and can be purchased through a stock broker, platform or other financial intermediary.

Equiniti provide online, telephone and postal share dealing services. Full details, including rates and charges can be found at [www.shareview.co.uk](http://www.shareview.co.uk).

The telephone number for their share dealing service is 03456 037 037. Further information on the Company is available at [www.oitplc.com](http://www.oitplc.com).
