

Investment Policy

Approved by the shareholders at the AGM held on 10th September 2026

Odyssean Investment Trust PLC (the “Company”) primarily invests in smaller company equities quoted on markets operated by the London Stock Exchange, where the Portfolio Manager believes the securities are trading below intrinsic value and where this value can be increased through strategic, operational, management and/or financial initiatives. Where the Company owns an influencing stake, it will engage with other stakeholders to help improve value. The Company may, at times, invest in securities quoted on other recognised exchanges and/or unquoted securities.

It is expected that the majority of the Portfolio by value will be invested in companies too small to be considered for inclusion in the FTSE 250 Index, although there are no specific restrictions on the market capitalisation of issuers into which the Company may invest.

The portfolio will typically consist of up to 25 holdings, with the top 10 holdings accounting the majority of the Company's aggregate Net Asset Value across a range of industries. The Company will adhere to an exclusion-based investment approach to avoid investment in companies involved in activities the Company deems unethical and/or unsustainable.

The Company may hold cash in the Portfolio from time to time to maintain investment flexibility. There is no limit on the amount of cash which may be held by the Company from time to time.

Investment restrictions

- No exposure to any investee company will exceed 15 per cent. of Net Asset Value at the time of investment.
- The Company may invest up to 20 per cent. of Gross Assets at the time of investment in unquoted securities where the issuer has its principal place of business in the UK.
- The Company may invest up to 20 per cent. of Gross Assets at the time of investment in quoted securities not traded on the London Stock Exchange.

The Company will not invest more than 10 per cent., in aggregate, of Gross Assets at the time of investment in other listed closed-end investment funds.

Ethical and sustainability investment restrictions

The Company will not invest¹ in companies which derive any revenue from, or are engaged in:

- the production or direct distribution of pornography;
- the manufacture, production or retail of controversial weapons² (e.g. chemical, biological or nuclear weapons, cluster munitions, landmines), civilian firearms and ammunition;
- the manufacture of alcohol and tobacco products;
- the ownership or operation of gambling facilities;
- sub-prime and/or predatory lending;
- oil and gas production (both conventional and unconventional, including shale oil and gas, coal seam gas, coal bed methane, thermal coal, tar sands, Arctic onshore/offshore deepwater, shallow water and other onshore/offshore) and includes extraction and refining;
- animal experimentation or animal testing, (a) where there is a proven alternative and/or where testing is not mandated by regulation; or (b) where there is no proven alternative and/or the experimentation or testing is mandated by regulation, but where the investee company is not adhering to the “three Rs” ethics of Replacement, Reduction and Refinement.

The Company will not invest more than 10 per cent., in aggregate, of Gross Assets at the time of investment in companies involved in distributing, licensing, retailing or supplying tobacco and/or alcohol beverage products.

¹The company will base its analysis of an investee company's revenues and activities based on publicly available information, and will exclude revenues and activities that are considered to be de-minimis, being those that represent less than 1% of the investee company's revenue.

² Controversial weapons are those that have an indiscriminate and disproportional humanitarian impact on civilian populations, the effects of which can be felt long after military conflicts have ended.

Borrowings

The Company may, from time to time, utilise short-term gearing for working capital and/or investment purposes. Any gearing shall not exceed 10 per cent. of Net Asset Value calculated at the time of drawdown.

Derivatives and Hedging

The Company will not use derivatives for investment purposes. It is expected that the Company's assets will be predominantly denominated in Sterling and, as such, the Company does not intend to engage in hedging arrangements, however, the Company may do so if the Board deems it appropriate for efficient portfolio management purposes.

General

The Company will not be required to dispose of any asset or to rebalance the Portfolio as a result of a change in the respective valuations of its assets.

The Company intends to conduct its affairs so as to qualify as an investment trust for the purposes of section 1158 of the CTA 2010.

Any material change to the Company's investment policy set out above will require the approval of Shareholders by way of an ordinary resolution at a general meeting and the approval of the Financial Conduct Authority. Non-material changes to the investment policy may be approved by the Board.
